

CONSTRUCTION OF FIDELIA MEMORIAL KINDERGARTEN STAFF TOILETS

The schools have been opened now and resume classes from kindergarten all the way to the Universities. Fidelia Memorial kindergarten has also resumed classes from 29th June 2020 as it was directed by the Ministry of education. However; resuming classes has come with the old challenges that we need to address, a challenge of the school not having staff toilets.

Directions for school operations from the Ministry of education requires all the schools to have student toilets as well as staff toilets before they start operations (unfortunately we have been operating without meeting this requirement for a while which we would like to rectify now) we are also planning to construct a toilet that will foresee our growth so that we won't need to construct another toilet in two years' time when the school grows and the number of staff increases.

Down here is the breakdown of the costs for the toilet construction;

Construction materials

• Bricks 1200 @1,200	1,440,000
• Cement 40 bags @17,000	680,000
• Sand 2 trips @100,000	200,000
• Iron sheets 18 @25,000	450,000
• Iron bars 20 @22,000	440,000
• Colors 3 @150,000	450,000
• Doors 3 @400,000	1,200,000
• Windows 3 @190,000	570,000
• Tiles 40boxes @17,000	680,000
• Toilet seats 2 @250,000	500,000
• 2 washing sink @40,000	80,000
• Plumbing materials @300,000	300,000
• Electricity materials @150,000	150,000
	<hr/>
	7,140,000

Technical fees

• Masonry @1,000,000	1,000,000
• Plumber @350,000	450,000
• Electrician @200,000	300,000
	<hr/>
	1,750,000

Total	8,890,000 Tzs	3,704€
